

Text Features

Name: _____

*Non-fiction books use features that help you find things. Match each description to its feature: **heading** · **index** · **caption** · **table of contents** · **glossary** · **bold print** · **diagram** · **sidebar** · **map** · **subheading***

1. Tells you what the whole page or section is about.

2. A list at the back that tells you which page a topic is on.

3. Words under a picture that explain what it shows.

4. A list at the front showing the chapters and their pages.

5. Explains what the hard words in the book mean.

6. Words printed darker to show they matter.

7. A drawing with labels that names the parts of something.

8. A box beside the main text with an extra fact in it.

9. A picture of an area from above, showing where things are.

10. A short line at the top of a section, smaller than the title.
