

Unit Price

Name: _____

Work out what one unit costs. This is how you tell which size is really the better buy.

You buy	You pay	Price for	Unit price
500 g of rice	\$3.50	1 kg	
2 L of milk	\$4.40	1 L	
6 apples	\$5.40	1 apple	
250 mL of juice	\$1.25	1 L	
4 pencils	\$2.40	1 pencil	
3 kg of flour	\$8.10	1 kg	
8 eggs	\$4.00	1 egg	
1.5 kg of carrots	\$4.50	1 kg	
5 notebooks	\$11.25	1 notebook	
750 g of oats	\$3.00	1 kg	
12 buns	\$7.20	1 bun	
500 mL of cream	\$3.10	1 L	

Unit Price — Answer Key
