

Transitions

Name: _____

Transitions show the reader how one idea relates to the last. Write two you could use for each job, then use three of them in a short paragraph.

When you are ...	Words you can use
adding another point	
showing a result	
showing a contrast	
giving an example	
showing order	
summing up	

Transitions — Answer Key

adding another point: also, as well, in addition, furthermore

showing a result: so, therefore, as a result, which meant

showing a contrast: but, however, although, on the other hand

giving an example: for example, for instance, such as

showing order: first, next, after that, finally

summing up: in the end, overall, all in all
